Inhalte	Purpose and challenge: The promotion of the creative industry in emerging countries, such as Morocco, depends on ideas and concepts on one side and on infrastructures on the other. The planned workshop with students from ZHdK and ESAV aims to formulate concrete ideas and concepts for a sustainable development of the creative industry in Morocco. Various inputs and visits will be organized to stimulate the planned creative process. The aim of the workshop is to present the developed ideas and concepts at a conference at ESAV in Marrakech between November, 15 to 18. The participating students of ZHdK and ESAV will also be invited to the conference.
