Inhalte	Since 2003, ACT has offered a platform for art students at Swiss universities to present their performance projects. The festival tours through various cities in Switzerland and views itself as an open laboratory for the exploration of artistic strategies. This practical module helps students take advantage of and participate in the national performing arts scene. Students are required to present their projects at an initial event entitled Mammuttag and to perform in at least one of the venues. Staff from the MA in Contemporary Arts Practice at the HKB will coach the students, with feedback provided by an external expert.
