Different hybrid forms will be explored and their realizations will be worked out. Artistic expressions will be brought into a new frame of reference. How does perception change through the combination of genres in analogue and digital space? Ways of translating from medium to medium will be explored.</p> <p>What does film editing look like on stage? How does a stage set or light dance? How can texts be translated into dance? How can a digital process be translated into analogue artistic processes? Different disciplines and perspectives will be combined by communication and collaged in space.</p> <p>In group work, stagings, installations, performances, moving images etc. will be created and they should challenge, surprise and make a narrative visible between the media.</p> |
